

Château Suduiraut
Sauternes
France

The history of the Château goes back centuries. After the total destruction of the property by the Duke d'Épernon in the 1600s, Count Blaise de Suduiraut replanted the vineyard and restored the estate to its former glory. The Château is a superb example of 18th century architecture.

2003 Castelnaud de Suduiraut (375ml)

The second wine of Château Suduiraut is wonderfully balanced, fruity and fresh. A fine nose of flowers and dried fruit. Full-bodied on the palate with strength and length even at this young age. A very promising vintage.
